Statement of Reasons for Allowance

1. Claims 27-29 and 31-35 are allowed.
2. The following is an examiner's statement of reasons for allowance.

The present invention is directed to a character inputting device which facilitates online conversations between communicators speaking different languages.

Claim 27 recites a candidate category switching means for switching between sets of candidate terms, wherein said sets of candidate terms include at least one group of candidate terms, and wherein said sets of candidate terms are classified according to at least one of a set of names of said participants in the game, and a plurality of nouns, pronouns, verbs, adjectives, inflections, symbols, or user-registered short sentences that are related to the game.

The closest prior art, Kunihiro et al., Kizawa, Okayama et al. show a substantially similar character inputting device. However, Kunihiro et al., Kizawa, Okayama et al., singularly or in combination fail to anticipate or render the above cited limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee.

Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
